The None Debate

OTTAWA — Broadcasters across the great television network just occupied two hours of their precious time on the TV screen to help elect a president. June 16th will be the Liberal party and the New Democratic party's last chance to make their case.

Billed as the "Great TV Debate," the program lasted for an hour and 15 minutes, but it is neither "great" nor "debate" in the traditional sense. It was a reaction of most of the viewers

throughout his campaign for the Liberal leadership and during the current election campaign.

Mr. Duggan, the New Democratic leader, was billed as the "star" of the show. An old pro at the art of giving interviews, he was not intimidated. Mr. Duggan had no difficulty. They were standard questions, but they were asked in a stiff manner — he even at one time shuffled through a small

CTV network. The broadcast was moderated by a Canadian Corporation and the political parties involved, proved to be a very interesting and informative participants and prevented a dominance of a debate take place.

I had more the appearance of a glorified press conference. The program was an opportunity to probe deep with follow-up questions on

of a "criminal" race. Pierre Elliott Trudeau either by design or accident came out of it ahead of the game. He had a picture of an image of a solid, respectable, respectable politician, done what he thinks is in the best interests of the country. He looked and sounded like a man who could fill the post of Prime Minister because he had the image that has shaped him.

He switched easily from

French to English in answering questions. But the astonishing translation when Mr. Trueman was speaking in French left the audience to be cheered by the English viewers. The translator speaking in English had difficulty following Mr. Trueman and in keeping up with the French director's flow of language.

Mr. Manfield appeared as had been expected and did so well.

Mr. Douglas was the typical family Douglas—the old one who has been around for so long that each generation has its own middle name bracketed around his name. He seemed to be the most relaxed

French Canada. Mr. Staudacher, president of the committee, said that he was being falsely accused of having agreed to contribute to the mainland warehouse. He said he had said he would not contribute. The TV program may have caused another minor protest, but it was not a serious one. Staudacher said that the appeal was "by strengthening the appeal of Mr. Douglas. Instead of being a man who is not a member of the party, he is now perceived to be a fierce and a competent leader."

Mr. E. E. Gaudet returned to the mainland on June 10 with Mrs. Louiseau Truck, Randy and Lynn returned to Calgary on June 11. The Gaudets returned to Regina on June 12. Evelyn Truck, Edna and Mr. Edgar Staudacher returned to the mainland on Monday of June 13. The Gaudets' school exams and was highly competent.

Mr. Staudacher mentioned that Mrs. W. H. Hooper of St. John's, Nfld. and Mr. N. Hooper of St. John's, Nfld. were returning to the mainland on June 10. Both, Donald and Gaudy Gaudy 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790

Count the flyers on our label.
Let's see, two in the biplane and another three on the fence posts. That's five fast flyers. All this plus a speeding express train, a racing stagecoach and a "speed-up" Hippomobile. What's everybody's hurry? Heaven knows, in Lehighville we take our own sweet time brewing the beer behind that lively label. For a flavour that goes over great.

The cultural fields have a priority to charge the costs of pooled control measures to fall on who refuse to take action themselves. Such farmers will also face court proceedings.

Mr. Goertel urges farmers to be on the alert for such drift. He said that even if they do not want to vote at all, they should be aware of the drift. Those who have a lot of drift problem should consult their district agricultural extension fieldman who will help them work out a long term plan. These aren't labels. They're awards.

Brewmaster Steinbocker must award the coveted Molson label to any bottle that he's sure it's earned it. And he should know; he's the brilliant Brewmaster who developed a better way to brew beer.

Here is North America's first complete Steinbocker Brewmaster. Every bottle is manually brewed to consistently great flavour.

Only when the beer is just as it should be does Brewmaster Steinbocker award the Molson or Ogeon label. The Molson label.

Three beer labels are shown side-by-side. The first label is for 'BLACK NOB CANADIAN' with a small crest above the text. The second label is for 'EXPERIENCE' with a small crest above the text. The third label is for 'THE BEAR' with a small crest above the text. All labels have a dark background with light-colored text and crests.

Poverty Redefined

While the term "poverty" is used in many ways, it is not always clear what it means. In the United States, the term is often used to describe a lack of income, but it can also refer to a lack of access to basic needs. In Canada, the term is used to describe a lack of income, but it can also refer to a lack of access to basic needs.

One of the most common ways to define poverty is by looking at income. In the United States, the term "poverty line" is used to describe the minimum income level that a family needs to meet its basic needs. In Canada, the term "poverty line" is also used, but it is based on a different set of criteria.

Last Of Halkirk Churches Closes Doors

The last of the Halkirk churches, St. Michael's, has closed its doors for good. The church, which has served the community for many years, is being sold to a private owner. The sale of the church is part of a larger plan to redevelop the area, and it marks the end of an era for the Halkirk churches.

The Halkirk churches have been a cornerstone of the community for many years, providing a place of worship and a center for social activities. The closure of St. Michael's is a sad day for the community, but it is also a necessary step in the process of redevelopment.

There is a new way to save money when a guaranteed income is most important. This is the new way to save money. It is called an annuity. An annuity is a contract between you and an insurance company. You pay a certain amount of money each month. In return, the insurance company guarantees to pay you a certain amount of money each month for the rest of your life. This is a very safe way to save money. It is also a very easy way to get a guaranteed income. If you are interested in an annuity, contact the Manufacturers Life Insurance Company.

Town Would Legalize Sunday Stampede

The town of Stettler is considering a resolution to legalize the Sunday Stampede. The resolution was introduced by the town council and is currently being debated. The resolution would allow the stampede to be held on Sunday, which would be a significant change for the town.

The stampede is a popular event in the town, and it has been held for many years. However, the town has never before legalized the stampede, and this resolution would be a first. The town council is currently debating the resolution, and it is expected that a decision will be made in the near future.

Big Valley Cubs and Scouts Fold!

Following a lengthy period, the Big Valley Cubs and Scouts have folded. The reason for this was the lack of interest in the organization. The Cubs and Scouts were organized in 1954 and have since then been a part of the community. However, due to the lack of interest, the organization was unable to maintain its activities and has therefore folded. The Cubs and Scouts were a very active organization and had many members. They had many activities and were a very important part of the community. The folding of the organization is a sad day for the community, but it is a necessary step for the future.

What does the card cost you? Two dollars. And that's it. There's no cost at all to the person who's accepting your cheque.

Come into The Bank of Nova Scotia. We'll photograph you with our special colour camera.

## Christmas Season

(from The Hamilton Spectator)  
Normally Christmas is the time when the spirit of giving is at its height. But in the past few years, the spirit of giving has been somewhat lacking. This is due to the fact that many people are living on a shoestring and are unable to give as much as they would like to.

It is true that the Christmas season is a time of joy and happiness. But it is also a time of stress and strain. Many people are feeling the pinch of the winter months and are unable to give as much as they would like to.

It is important to remember that the Christmas season is a time of giving. It is a time when we should be thinking of others and not just ourselves. We should be giving to those who are in need and not just to those who are able to give.

Let us try to make the Christmas season a time of joy and happiness for all. Let us try to give to those who are in need and not just to those who are able to give.

## Cardboard Castle Is Easy To Make For Holiday Fun

**CARDBOARD CASTLE, NEARLY COLLEGE, GROWN**  
from left-over Christmas gift wraps and laundry card-  
boards. Castle, pictured above, can be built from five-by-  
seven inch pieces of cardboard, to which gift wraps have  
been rubber cemented. For directions, see sketches at  
upper left. Photo courtesy Noreen Design Studio.

**SKETCHES SHOW HOW TO PREPARE** cardboard, covered  
with gift wraps, for building a cardboard castle.  
Follow measurements, cutting sizes wherever dotted lines  
appear. Join Type "A" cards at right angles, occasionally  
meeting cards horizontally. Type "B" cards go at top  
of castle, where slanted notches hold two "A" cards at  
four right angles. Supported by the Noreen Design Studio.

"The piece to throw away" is the Christmas tree of cardboard.  
This is the piece to throw away, as beautifully  
as it is made, as it is made, as it is made, as it is made,  
repeated. Though the gift wrap  
pieces do indeed seem to  
be a waste, they are not.  
They are the pieces that  
can be used with most gift  
wraps, and Christmas is over.  
The answer must be found  
in the gift wrap.

## Cities Put Up Evergreens

Christmas and since everywhere round the world is setting up a commodious Christmas tree — a custom which began early in this century.

In 1906 citizens of Pasadena Calif. decorated an over-  
sized tree on Mount Wilson as the tree of the city.

in Madison Square, New York, N.Y. and on the Common in Boston, Mass. Independence Square in Philadelphia, Pa. is owned by a community tree in 1914.

President Calvin Coolidge inaugurated the custom of a Christmas tree in Washington, D.C. when he was presented with a large evergreen by the United States Veterans in 1923.

Have A Good Christmas

THESE DAYS ARE NOT THAT far from the old days. It was only a matter of time before the world would be a better place.

It is not that the world is a better place, but that the world is a better place. It is not that the world is a better place, but that the world is a better place.

But in this old world, there is still a place for the old. And I feel that I am not alone in this.

About every one of us, there is a story. And I feel that I am not alone in this. And I feel that I am not alone in this.

This is the story of the world. And I feel that I am not alone in this. And I feel that I am not alone in this.

After this world, it is a place to look forward to. And I feel that I am not alone in this. And I feel that I am not alone in this.

But the time there I am typing with a steady hand. And I feel that I am not alone in this. And I feel that I am not alone in this.

And they did say that when I was a child, I was a child. And I feel that I am not alone in this. And I feel that I am not alone in this.

Only MF has a Triple Screen Cascade (see others have two). So there's less mating, better separation, less field loss. Only MF has an independent rear return cylinder that eliminates return going back the main cylinder. And all MF self-propelled combines have the MF-Q-Attach System. Grain tables are by far the most in an little as two minutes for transport or storage.

## Try and Stop Me

By BENNETT CREEP

REPORTING is one of the most important jobs in a newspaper. It is the job of the reporter to bring the news to the public in a clear and concise manner.

One of the challenges of this job is to stay objective and fair. It is not the reporter's job to take sides or to spread rumors. It is to report the facts as they are.

Another challenge is to write in a way that is interesting and easy to read. The news should be presented in a way that captures the reader's attention and keeps them coming back for more.

Despite these challenges, the job of a reporter is a rewarding one. It allows them to see the world from a different perspective and to make a difference in the lives of their readers.

## Firestone

### "TOWN & COUNTRY" WIDE OVAL

### with S-P-R-BELT

**MORE MUSCLE IN THE TREAD**  
A brand new Firestone tire - built in a radically different way! A 2-ply fiberglass S-P-R-Belt wraps around a 2-ply polyester casing, to get more muscle in the tread. Tread grooves stay open under pressure, instead of squirming as they do in most winter tires. The S-P-R Belt gives "dig-in" power to hold you through snow. You corner more safely, too, because S-P-R Belt holds the tread flat against the road. And you get increased tread mileage. Naturally, it carries Firestone's great performance guarantee - "You get it or we pay this find!" This is the kind of winter tire you want on your car! Come in and talk to us about it. Today!

...the first 41 years and agriculture can expand again, says together in the future. The future of Texas is a wonderful example of an urban 41 program. Texas has a considerable farm population than Alberta have ever 41 is with an agriculture oriented program. The 1980 census shows that 33,000 41ers only 2% in the urban areas and the remainder on the farm or rural areas.

I further feel that agriculture education may be extended through 41 in the future.

## TEEN TALK

Stetler schools observed Education week last week with open house at Wm. E. Har on Mondays and the guest high on Tuesday. The program at Wm. E. Har included the Mixed Chorus, Folk Mass and new Stage Band followed by a teach-in on drugs.

Last week was also festival week in Red Deer. The Rhodangers, Net-Skippers and Mixed Chorus travelled to head there for competing in various classes. All the groups scored high and the Mixed Chorus received a trophy and a recommendation to the provincial festival board. If it comes through, the group will join the Folk Mass in Calgary about May 24.

The Mixed Chorus and Folk Mass also had the opportunity to perform for the Moose Lodge meeting in the Memorial Hall last Friday in addition to the usual group numbers. Les Nicol.

By the way, something of interest to all persons concerned about the drug problem is a new book, *The Lioness*, by Jon Stearns. Although a review is reserved for the "Lioness" column, this book apparently gets a good kick in the teeth to those who say marijuana is harmless, non-addictive and should be legalized. Stearns studied the drug, users, and effects right where it's at. He concludes that marijuana leads to psychological dependence, non-

and physical deterioration and muscle damage, and that almost all heroin addicts started on pot. The reviewer, James Roebuck, concludes "If you can read this book and still remain convinced that Marijuana and LSD should still be available to you, you don't even need them: I read (all your psychiatrists - you're nuts already)." "Conrad's manager and songwriter, Alvin Peterson, is wrong, because he never met Conrad's guarantee, Lucky's Rose Arnold. A better guess is, Conrad's wife, a blonde pianist, decided that Conrad's singing potential was similar to average American pop. Mr. Ken Miller, Music Charts and band director, arranges songs like "Put On a Happy Face" and "Ain't Nothin' Gonna Get Us Now." Mrs. Pat Binkley, Theatrical Society founder, directs the drama, and the orchestra, teens of Stettin supply characters that will rock your socks with laughter and your eyes with tears. Wait for it! Watch for it! Come See It! How! Auditions April 1st and 2nd.

## Town Considering Storm Sewers, Hard Surfacing

Stettler, Alberta, April 6 (UPI) — The town of Stettler is considering a \$1.5 million program to install storm sewers and hard surface the main streets. The proposal was presented to the town council last night by the Stettler Improvement Committee, which is headed by Lloyd Williams, town clerk.

The committee's proposal is based on a study conducted by the Stettler Improvement Committee, which was formed last year to study the town's infrastructure needs. The study found that the town's existing storm sewer system is inadequate and that the main streets are in poor condition.

The proposed program would involve installing a new storm sewer system and hard surfacing the main streets. The estimated cost of the program is \$1.5 million. The town council is expected to make a decision on the program in the near future.

Carling Pilsener is new to these parts. But it won't be for long. Carling Pilsener has a refreshing way of making friends. It earns their admiration by delivering the smoothest, brightest pils flavor. (No wonder it's the one that's winning the West.) There's nothing quite like the easy-drinked goodness of Carling Pilsener.

Spring is the revelation of management.  
It is the time when you discover fun.

getries on the car as the snow and mist of winter begins to melt away it is the time when you realize that the squirrels have stolen most of the tubs bulins that your house which have remained impervious to the snow can be quickly filled by a small puddle that the neighbors don't have been less than respectful to you.

hours throughout the winter and that you will need at least two more of hours if you hope to bring the brother-in-law to clean out the cavestrongs again.

We defy anyone to feel gentle about that kind of misery.

**Yeh, Yeh, Yeh**

The University of Tennessee has completed a study which concludes that "a person who does all the talking, regardless of what he says is often looked upon as a leader."

Frank students were used in the study which may or may not have some bearing on the result. More important, it confirmed what most of us have suspected: He who has the lead month runs the show.

## RECENT AMENDMENT TO FARM CREDIT ACT

Mr. Lawrence S. Maltzer, the resident Credit Advisor at Stettler, believes that there are still a large number of farmers who are eligible and could use long-term mortgage loans who are not

**Lower Loan For Groups of Borrowers**

The maximum "Standard" loan under Part II of the Act remains at \$50,000 for an individual farmer but two farmers

In a form partnership or a farming corporation may now qualify for a loan up to \$80,000. Three or more farmers in a form of partnership, farming corporation or a co-operative farming association may qualify for a loan up to \$180,000.

**See-in-the-Dark Power**  
(Booksville, November and Thru)

Your vision will improve 20,000 to 30,000 times if you wait a few minutes before driving off into the dark. Sound prescription? It's a fact, the British Association of Optical Practitioners insists. Vision minutes is what's really re-

quired for driver's eyes to get accustomed to the dark but very few wait for even 15 seconds. They leave a lighted building, hop into their cars and drive off . . . partly blind.

Why wait? It's to let a special mechanism, sensitive to low illumination,

for 60-year-olds, they caution. But it takes a full 15 minutes to regulate your full-on-to-the-dark power.

The British opticians say well be right. The ambient light in almost all countries is twice as high at night, even though some people are blind.

### Waste Products May Feed Animals

Animals are competing with man for the same food sources. While this is not a new problem, it is becoming more acute as the world's population grows. Waste products from human consumption, such as food scraps and animal manure, can be used as feed for livestock. This not only reduces waste but also provides a source of nutrition for animals. However, it is important to ensure that the waste is properly processed to avoid the spread of disease.

Dr. Walter J. Webster, a veterinarian and expert on animal nutrition, has been studying the use of waste products as feed. He has found that certain types of waste, such as food scraps and animal manure, can be used as a valuable source of nutrients for livestock. However, it is important to ensure that the waste is properly processed to avoid the spread of disease. Dr. Webster is currently conducting research on the use of waste products as feed, and his findings could have a significant impact on the way we feed animals.

**To Your Child Breaking The Law**  
Driving home for lunch today a topic for this news column kept bumping into my head — literally. A boy old enough and big enough to know better was deliberately running his bicycle wheel against the car — and he thought it was funny. If I had had to stop suddenly for some reason, both child and bicycle could have been permanently "crushed" — not so funny.

... they just don't think it applies to them! But it does! A bicycle is a vehicle and as such is required to follow the same rules of the road as you do when...

Have you, as a parent, planned to your child that he must respect the rules of the road? Why don't you take the time right now to sit down with your child and explain —

- that bicycles, like automobiles, must be ridden on the right hand side of the road
- that traffic lights, stop signs, and yield signs apply to the cyclist as well as the motorist
- that is the difference between a yield and a stop sign
- that right of way at an intersection means yielding to the traffic on your right

Of course not all hantavirus open cows, and late calves are removed by abortions. From past experience I would judge that abortions has some effect in the majority of range herds in Eastern Canada, Alberta.

### Languishing Languages Bill

It takes in the month last October in Prime Minister's office, the Languages Bill was approved by the cabinet. It was then sent to the House of Commons. It was there that the bill languished. It was there that the bill was forgotten. It was there that the bill was left to rot.

The bill was introduced in the House of Commons on October 1, 1959. It was then that the bill was first heard of. It was then that the bill was first discussed. It was then that the bill was first debated.

# MIRROR OF YOUR MIND

What is the best way to live? This is a question that has puzzled philosophers, scientists, and ordinary people alike. The answer, of course, is not simple. It depends on many factors, including one's beliefs, values, and circumstances. However, there are some general principles that can guide us towards a more fulfilling life. First, we must understand ourselves and our needs. Second, we must set realistic goals and work towards them. Third, we must maintain a positive attitude and embrace challenges. Finally, we must cultivate meaningful relationships with others. By following these principles, we can create a life that is both satisfying and purposeful.

## Eternity... For To Day

The human mind is a remarkable organ, capable of incredible feats of imagination and reasoning. It is the mirror that reflects our inner world, showing us our strengths, weaknesses, and desires. In many ways, the mind is the most important part of us, the part that gives us our identity and purpose. Therefore, it is essential that we take care of our minds, just as we would take care of our bodies. This means feeding our minds with knowledge, wisdom, and positive thoughts. It also means protecting our minds from negative influences and distractions. By doing so, we can ensure that our minds remain clear and focused, allowing us to live our lives to the fullest.
